## **LIBRARY BILL OF RIGHTS**

The Morristown-Hamblen Library system subscribes to the Library Bill of Rights, the Freedom to Read Act, and the Freedom to View Act. The Bill of Rights can be found in the **Appendix** of this manual.

## **LIBRARY DAYS AND HOURS**

The Library's hours of operation can be found in the **Appendix**.

## **RELATIONSHIP WITH THE REGIONAL LIBRARY**

Since the Morristown-Hamblen Library is a member of the Holston River Regional Library System, there shall be cooperation with the regional library and other libraries in the region.

Reports are to be made to the Regional Librarian as required.

The Library Director and/or staff members are expected to participate in the In-Service Training Program of the Holston River Regional Library.

The Library Director will consult with the Regional Librarian about problems, needs and technical procedures.

## **RIGHT OF PRIVACY POLICY**

The Library and the Board of Directors respect the right of every individual to select his/her own reading material and affirm that his/her selection shall be considered private and not subject to divulgence to other persons except pursuant to court order.

## **SECURITY CAMERA POLICY**

Security cameras are used to enhance the safety and security of library users and staff by discouraging violations of the Library Policies and Procedures, to assist library staff in preventing the occurrence of any violations, and when necessary, to provide law enforcement assistance in prosecuting criminal activity.

### **SECURITY CAMERA PURPOSE AND PLACEMENT GUIDELINES**

1. Video recording cameras will be used in public spaces of Library locations to discourage criminal activity and violations of the Library's policies and procedures. The recording of audio is restricted under the Electronic Communications Privacy Act and will not be used.

2. Cameras may be installed in outdoor and indoor places where individuals lack a reasonable expectation of privacy, including public common areas of the library such as parking lots, entrances, seating areas, service desks, and areas prone to theft or misconduct or areas where money is stored or handled.
3. Cameras will not be installed in areas of the Library where individuals have a reasonable expectation of privacy such as restrooms or private offices.
4. Signs will be posted at all entrances informing the public and staff that security cameras are in use.
5. Because cameras will not be continuously monitored, the public and staff should take appropriate precautions for their safety and for the security of their personal property. Neither the M-H Library, the City of Morristown, nor Hamblen County is responsible for loss of property or personal injury.
6. Recorded data is confidential and secured in a controlled area. Video recordings will typically be stored for no longer than 30 days. As new images are recorded, the oldest images will automatically be deleted.
7. Cameras are not installed for nor will they be used for the purpose of routine staff performance evaluations.

#### USE/DISCLOSURE OF VIDEO RECORDS

1. Access to the archived footage in pursuit of documented incidents of injury, criminal activity, or violation of the Library's Policies and Procedures is restricted to designated staff and Board of Trustees members.
2. Those designated persons may also have access to both real-time images as well as recorded images, viewable on desktop monitor(s) placed in secure areas to ensure private access or on remote computers of members of the Board. The frequency of viewing and the amount of video viewed will be limited to the minimum needed to give assurance that the system is working or to ascertain if footage is available to a specific incident.
3. Access is also allowed by law enforcement when pursuant to a subpoena, court order, or when otherwise required by law.
4. Video records and still photographs may be used by authorized individuals to identify those responsible for Library policy violations, criminal activity on Library property, or actions considered disruptive to normal Library operations as delineated in the Library Policies and Procedures. Video images will not be maintained, provided no criminal activity or policy violation has occurred or is being investigated.
5. In situations involving banned patrons, stored still images may be shared with staff. Shared images may remain posted in restricted staff areas for the duration of the banning period. These images may be archived in the Administrative Offices.

## UNAUTHORIZED ACCESS AND/OR DISCLOSURE

1. Confidentiality and privacy issues prohibit the general public from viewing security camera footage that contains personally identifying information about Library users. If the Library receives a request from the general public to inspect security camera footage, they will be advised to file a police complaint.
2. A breach of this policy may result in disciplinary action up to and including dismissal. Any Library employee or Board member who becomes aware of any unauthorized disclosure of a video recording and/or a potential privacy breach has a responsibility to immediately inform the Director and the Chairman of the Board of the breach.

As part of the Library's overall philosophy of providing access to a wide range of information, the Library provides limited bulletin board space for the posting of notices of interest to the general community. Acceptance of such materials for posting does not indicate Library endorsement of the ideas, issues, or events promoted by these materials. Authorization for posting is based on the provisions of this policy and not on the content, viewpoints, beliefs, or affiliations of the organizations or individuals that provide the materials.

No non-Library related materials will be posted on any entryway or glass area of the library. Bulletin board or other display space will be designated for non-library information with the following posting priorities:

Materials will be removed after one month or when the event being advertised has passed, whichever is shorter. Notices may also be removed when space is required for higher priority or more current items. The Library reserves the right to restrict the size of posted materials and to restrict the frequency with which materials may be posted by the same organization or individual in order to maximize the use of available space.

The Library assumes no responsibility for the preservation or protection of any materials delivered for posting. Materials will not be returned.

## **MATERIALS DISTRIBUTION POLICY**

**Any materials to be considered for distribution must be submitted to the Library staff at the main circulation desk for approval by the Library Director or designee. Only authorized Library staff may approve materials for distribution. Materials left without permission will be discarded.**

As part of the Library's overall philosophy of providing access to a wide range of information, the Library provides designated countertops and tables for the passive distribution of printed materials of interest to the general community. Acceptance of such materials for distribution does not indicate Library endorsement of the ideas, issues, or events promoted by these materials. Authorization for distribution is based on the provisions of this policy and not on the content, viewpoints, beliefs, or affiliations of the organizations that provide the materials.

1. Notices pertaining to library business or library-sponsored activities have first priority for distribution.
2. Acceptable materials include those pertaining to programs and activities of civic, cultural, educational, governmental, or other non-profit organizations.
3. Materials that may not be distributed include partisan political information, materials expressing a position on any political candidate, public issue, or legislation, religious materials of a denominational nature, materials promoting commercial products or services by for-profit companies or individuals, and petitions.
4. Permission for distribution depends on space available. The Library reserves the right to limit quantities of materials left for distribution, and to restrict the frequency with which materials may be distributed by the same organization in order to maximize the use of available space.
5. The Library assumes no responsibility for the preservation or protection of any materials delivered for distribution. Materials will not be returned.

## **PAYMENT OF MEMBERSHIP DUES** (Revised February 2023)

The Library shall pay the professional dues to the Tennessee Library Association for, the Library Director, and for any other management positions as deemed necessary.

## **MATERIAL SELECTION POLICY AND COLLECTION MANAGEMENT**

### **ROLES**

The **Morristown-Hamblen Library** has adopted the following roles:

1. Popular materials library: the library features current, high-demand, high-interest materials in a variety of formats for persons of all ages.
2. Reference

### **RESPONSIBILITY**

Ultimate responsibility for selection of materials rests with the Library Director, who operates within the framework of policies, goals, and objectives determined by the Library Board of Trustees. The Director will delegate to appropriate staff members the authority to interpret and apply the policy in daily operations. Each employee is responsible for recording requests and unmet needs of library patrons so that appropriate selections can be made to fulfill these needs.

The Library System is designed to make all resources available and accessible to the community it serves.

### **PURPOSE OF THE SELECTION POLICY**

The purpose of this policy is to guide librarians in the selection of materials of contemporary significance and of permanent value and to inform the public about the principles upon which selections are based. The primary objective is to ensure that public monies are spent wisely so that the Library can provide relevant materials in sufficient supply to make the library a dependable resource for most people most of the time.

### **GUIDELINES FOR SELECTION**

The public library exists to provide materials that communicate experience and ideas from one person to another. Its function is to assemble, preserve and make available to all people the materials that will enable them to:

1. Educate themselves in order to keep pace with progress in all fields of knowledge.
2. Become better home, community, and world citizens by fulfilling social and political obligations.
3. Develop creative and spiritual capacities to more fully appreciate and enjoy works of art and literature.
4. Make use of leisure time and promote personal and social well-being.

As a responsibility of library service, books and other reading matter selected should be chosen for values of interest, information and enlightenment of all people of the community. In no case should any material be excluded because of the race, nationality, religion or political views of the writer. The fullest practicable provision should be made of material presenting all points of view concerning the problems and issues of our times. Books or other materials of sound factual authority should not be proscribed removed from library shelves because of partisan or doctrinal disapproval. Censorship of books may be defined as the urging or practicing of volunteer arbiters of morals or political opinion or by organizations that would establish a coercive concept of Americanism. Libraries must challenge censorship of books and nonprint materials in maintaining their responsibility to provide public information and enlightenment through printed word and non-printed media.

For the most part, books selected should be favorably reviewed in accepted reviewing sources, such as Library Journal, School Library Journal and Booklist. Non-fiction or technical materials should meet standards of factual accuracy, significance and responsibility of opinion. Selection of materials for libraries should be determined by usefulness and not limited by form.

The library supplements the schools' collections but does not supplant them. The obligation of providing duplicate copies for students is primarily that of the institution's library. Textbooks or books required by the schools will not be supplied; however, books are not excluded because they are textbooks.

The selection of materials may be limited by the following factors:

1. The need for additional materials in the existing collection;
2. The physical limitations of the building;
3. Budgetary considerations;
4. Availability of special materials in more comprehensive library collections in the area.

## USE OF THE LIBRARY'S COLLECTION

The Library recognizes that many books are controversial and that any given item may offend some patrons. Selections will not be made on the basis of any assumed approval or disapproval. Selection is based solely on the merit of the work as it relates to the Library's objectives and serves the expressed or anticipated needs and interests of the community.

Library materials will not be marked or identified to show approval or disapproval of the contents, and nothing will be shelved separately sequestered except by the discretion of the Library Director for the express purpose of protecting the materials from damage or theft.

Responsibility for the reading of minors rests with their parents and legal guardians. Selection of adult materials will not be limited by the possibility that books may come into the possession of minors.

Patrons not finding desired material in the library's collection may request that it be borrowed on interlibrary loan or that it be purchased. Patrons finding certain library materials objectionable to the community at large may request that it be reconsidered by using the Citizen's Form Patron Request for Reconsideration of Library Material. The Citizen's Form is available at the Main Library desk and is found in the **Appendix** of this manual.

## WEEDING

The Library will evaluate a portion of its collection each year so that the entire collection is Weeded out periodically. Materials that are outdated, in poor physical condition, no longer used or no longer useful in the light of stated objectives of the library, will be weeded and disposed of in accordance with ALA-approved procedures.

## GIFTS, MEMORIALS, BEQUESTS, SPECIAL COLLECTIONS POLICY

The Library welcomes gifts of needed material or funds for the purchase of such material. No conditions may be imposed on any gift(s) to the Library.

At the time of the donation, the donor will be informed that the Library will either:

1. Add the materials to its collection
2. Place them in the Friends of the Library Book Sale(s)

The library is grateful for gifts of money, books, works of local authors, and art objects, but it is essential that the donor be given a copy of the Library's policy (copy of the policy can be found in the Appendix).

A bookplate will be used to identify an item as a memorial, and a separate record of memorials will be maintained.

The Library reserves the right to evaluate and to dispose of gifts and memorials in accordance with the criteria applied to purchased books.

The library will accept rare books and manuscripts for display on a temporary basis if a contract relieving the library of responsibility for loss or damage is provided.

Gifts of special collections of books and other materials of historical interest, which are usually uncirculated and kept intact as a special collection, will be considered provided the following conditions are met:

1. The collection must meet all other library policy requirements.
2. Special consideration must be made as to space for storage and display.
3. Decisions as to acceptance or rejection shall be made by the Director.

The policy of the library is not to accept special collections of books to be kept together as a separate physical entity. Gift collections may be accepted by the Library Director with the understanding that the gift be integrated into the general collection with the only form of donor identification being a bookplate.

## **RECONSIDERATION OF MATERIALS POLICY**

*As a vital part of an educated community, the Morristown-Hamblen Library's mission is to improve the lives of all citizens by providing free, unlimited access to information,*

The Morristown-Hamblen Library (MHL) fully endorses the principles documented in the Library Bill of Rights, Freedom to View, and the Freedom to Read Statement of the American Library Association. Materials available in the Library present a diversity of viewpoints, enabling citizens to make informed choices necessary in a democracy. MHL also selects a wide variety of library materials that satisfy the diverse interests of our community. The Library upholds the right of the individual to secure these resources, even though the content may be controversial, unorthodox, or unacceptable to some. The Library's varied collection is available to all; however, it is not expected that all of the collection will appeal to everyone.

Patrons who wish to request the withdrawal or reclassification of materials currently owned by the Library are encouraged to discuss their concerns with the Director. If the Patron is not satisfied with the response of the Director to their request, the Director will give the Patron a packet that includes:

- MHL's Material Selection Policy and Collection Management
- The Library Bill of Rights
- The Freedom to View Statement
- The Freedom to Read Statement
- Citizen's Form "Request for Reconsideration of Library Materials"

If, after reviewing the packet, the Patron wants to proceed with their request, a signed Citizen Form "Request for Reconsideration of Library Materials" may be submitted to the Director. Submission of this form will begin the formal reconsideration process. Anonymous complaints in writing or by other means are not honored. No action will be taken to remove or restrict access to any materials until a final decision has been made by the Library Director and/or Library Board.

**Revised and Updated 4/25/2023**

## **Sexual Abuse or Molestation Policy (added February 22, 2022)**

The Morristown-Hamblen Library does not permit or allow sexual abuse or molestation to occur in its workplace or at any activity sponsored by or related to the library. To make this “zero—tolerance” policy clear to all employees, contractors, volunteers and board members, we have adopted mandatory procedures that employees, volunteers, contractors, board members, individuals and victims must follow when they learn of or witness sexual abuse or molestation. Those reasonably suspected or believed to have committed sexual abuse or misconduct will be appropriately disciplined, up to and including termination of employment or membership, as well as criminally prosecuted. No employee, volunteer, board member or other person, regardless of his or her title or position has the authority to commit or allow sexual abuse or misconduct. Sexual abuse includes sexual assault, exploitation, molestation or injury. It does not include sexual harassment, which is another form of behavior which is prohibited.

### **Reporting Procedure**

Immediately report suspected sexual abuse or misconduct to the Library Director or Supervisor. It is not required to directly confront the person who is the source of the report, question or complaint before notifying the Library Director or Supervisor. The Morristown-Hamblen Library will take every reasonable measure to ensure that those named in the complaint of misconduct or are too closely associated with those involved in the complaint will not be part of the investigative team.

### **Investigation & Follow Up**

The Morristown-Hamblen Library will take all allegations of sexual abuse or misconduct seriously and will promptly, thoroughly, and equitably investigate whether misconduct has taken place. The Morristown-Hamblen Library may utilize an outside third party to conduct an investigation of misconduct. Our organization will cooperate fully with any investigation conducted by law enforcement or other regulatory/protective services agencies. To the fullest extent possible, but consistent with our legal obligation to report suspected abuse to appropriate authorities, we will endeavor to keep the identities of the alleged victims and investigation subject confidential.

If the investigation substantiates the allegation, our policy provides for disciplinary penalties, including but not limited to termination of membership or employment of the actor’s relationship with our organization.

### **Retaliation Prohibited**

We prohibit any retaliation against anyone, including an employee, volunteer, board member, student or individual, who in good faith reports sexual abuse, alleges that it is being committed or participates in the investigation. Intentionally false or malicious accusations of sexual abuse are prohibited.

Anyone who improperly retaliates against someone who has made a good faith allegation of sexual abuse, or intentionally provides false information to that effect, will be subject to discipline, up to and including termination of membership or employment.

### **Reporting to Law Enforcement or Appropriate Child or Adult Protective Services**

The Morristown-Hamblen Library is committed to following the state and federal legal requirements for reporting allegations or incidents of sexual abuse or misconduct to appropriate law enforcement and child or adult protective services organizations. It is the policy of the Morristown-Hamblen Library not to attempt to investigate or assess the validity or credibility of an allegation of sexual or physical abuse as a condition before reporting the allegation to proper law enforcement authorities or protective services organizations.

## Animals in the Library Policy

(March 28, 2023)

### Policy Statement

The Morristown-Hamblen Library (MHL) recognizes that patrons with disabilities may have service dogs that are trained to assist or accommodate a person with a sensory, mental, or physical disability or to perform tasks for the benefit of a disabled individual. MHL recognizes legal rights laws regarding use of service dogs. MHL also considers the safety and health of all its patrons, the public, and library staff to be of utmost priority. The Library will comply with the American with Disabilities Act found in the Appendix of this manual.

---

### Regulations

1. No pets or animals, other than service dogs or service dogs in training, are allowed in the library. Owners of pets will be asked to remove them from the library. Animals used in educational programs sponsored by the library are exempt.
2. A service dog is "individually trained to do work or perform tasks for people with disabilities...The work or task a dog has been trained to provide must be directly related to the person's disability. Dogs whose sole function is to provide comfort or emotional support do not qualify as service animals under the ADA."
3. Only dogs are recognized as service animals under Titles II and III of the ADA
4. Individuals with disabilities may bring their service dogs into all areas of the library where members of the public are normally allowed to go.
  - a) All service dogs must be under the full custody and control of their handler at all times.
  - b) All service dogs must be on a leash or harness at all times unless the handler is unable to leash or harness the dog because of a disability or use of a leash

or harness would interfere with the dog's safe, effective performance of work or tasks.

- c) If the service dog cannot be leashed or harnessed, it must be otherwise under the handler's control (e.g., voice control, signals, or other effective means).
  - d) Owners of the service dog are solely responsible for the supervision and care of the service dog. Therefore, owners must keep the service dog directly with them at all times.
5. Users of service dogs are not required to show papers or to prove a disability. Service dogs are not required to be licensed or certified by a state or local government or training program, or be identified by a special harness or collar.
6. If a staff member needs clarification on the status of a service animal they may legally ask two questions:
- a) "Is the dog a service animal required because of a disability?", and
  - b) "What work or task has the dog been trained to perform?"
  - c) Staff may not ask about the owner's disability.
7. A person with a disability may not be asked to removed his or her service dog or service dog in training from the library unless the presence, behavior or actions of the service dog constitutes an unreasonable risk of injury or harm to property or other persons or the dog is disruptive and the owner does not take effective action to control it. In these cases, library staff must give the person with the disability the option to obtain library services without having the service dog or service dog in training on the premises. Fear of allergies, annoyance on the part of other patrons or employees, or fear of dogs are generally not valid reasons for denying access or refusing service to people with service dogs or service dogs in training.
8. Miniature Horses: Notwithstanding the limitation of only dogs being recognized as service animals, federal regulations do allow the consideration of a miniature horse to also be recognized as a lawful service animal. Therefore, an individual with a disability may be allowed to utilize a miniature horse as a service animal, subject to all of the restrictions stated in this policy, but also subject to additional considerations. When determining whether to allow a miniature horse to function as a service animal, MHL may consider the following before permission is granted to utilize a miniature horse as a service animal.
- a) The horse in question may be no more than 34 inches tall measured at its shoulder and it may weigh no more than 100 pounds.
  - b) As with dogs, the horse must have been individually trained to do work or perform tasks for the benefit of the individual with a disability.
  - c) As with dogs, the handler of the horse must be able to be in sufficient control of the horse and the horse must be housebroken.

- d) The presence of the horse may not compromise legitimate safety requirements that are necessary for the safe operation of library service.
